## COMPANY OVERVIEW

Accentus AI LLC is a Washington, DC-based small business helping government agencies move from AI ambition to AI in production. We pair deep technical delivery—Azure OpenAI, RAG, Databricks, Kubernetes, FedRAMP-aligned DevSecOps—with the certifications agencies need: DC CBE set-aside eligibility and Carahsoft-aligned procurement.

## CORE COMPETENCIES

### GENERATIVE AI & LLMS

Integration | Fine-tuning | Self-hosted deployment | RAG | AI agents | NLP | Conversational AI | Multimodal AI | Knowledge graphs

### AI GOVERNANCE

NIST AI RMF artifacts | Responsible AI | AI security & risk | Model cards | Impact assessments | Monitoring plans

### DATA ENGINEERING & ML

ETU/ELT pipelines | Lakehouses | Data governance | Predictive analytics | MLOps (SageMaker, Azure ML, MLflow) | BI dashboards

### CLOUD & DEVSECOPS

AWS/Azure/GCP modernization | Kubernetes | CI/CD | Zero Trust | FedRAMP/FISMA-aligned environments | Microservices | API integration

### INTELLIGENT AUTOMATION

IDP/OCR records modernization | RPA | Workflow orchestration | Enterprise search (semantic/vector) | Knowledge management | SharePoint

### AI WORKFORCE TRAINING (NAICS 611420)

Instructor-led GenAI training | Adoption programs | Hands-on workshops | Use-case labs for government teams

## DIFFERENTIATORS

- ✓ Verifiable production GenAI delivery—Azure OpenAI / LangChain / RAG / Databricks systems at World Bank Group/IFC
- ✓ Secure federal-grade cloud operations—DevSecOps / Terraform / Kubernetes at Leidos
- ✓ DC CBE × AI engineering: one of very few certified set-aside-eligible AI firms in the District
- ✓ Fixed-price service packages attachable to Carahsoft software orders

## PAST PERFORMANCE (PRINCIPAL-LEVEL)

### World Bank Group / IFC

Production GenAI, RAG, and Databricks analytics platforms. Enterprise-scale AI systems delivering operational value.

### Leidos

DevSecOps, infrastructure automation, compliance-driven cloud operations. Securing mission-critical federal platforms.
